GETTING TABLEAU

Tableau Products

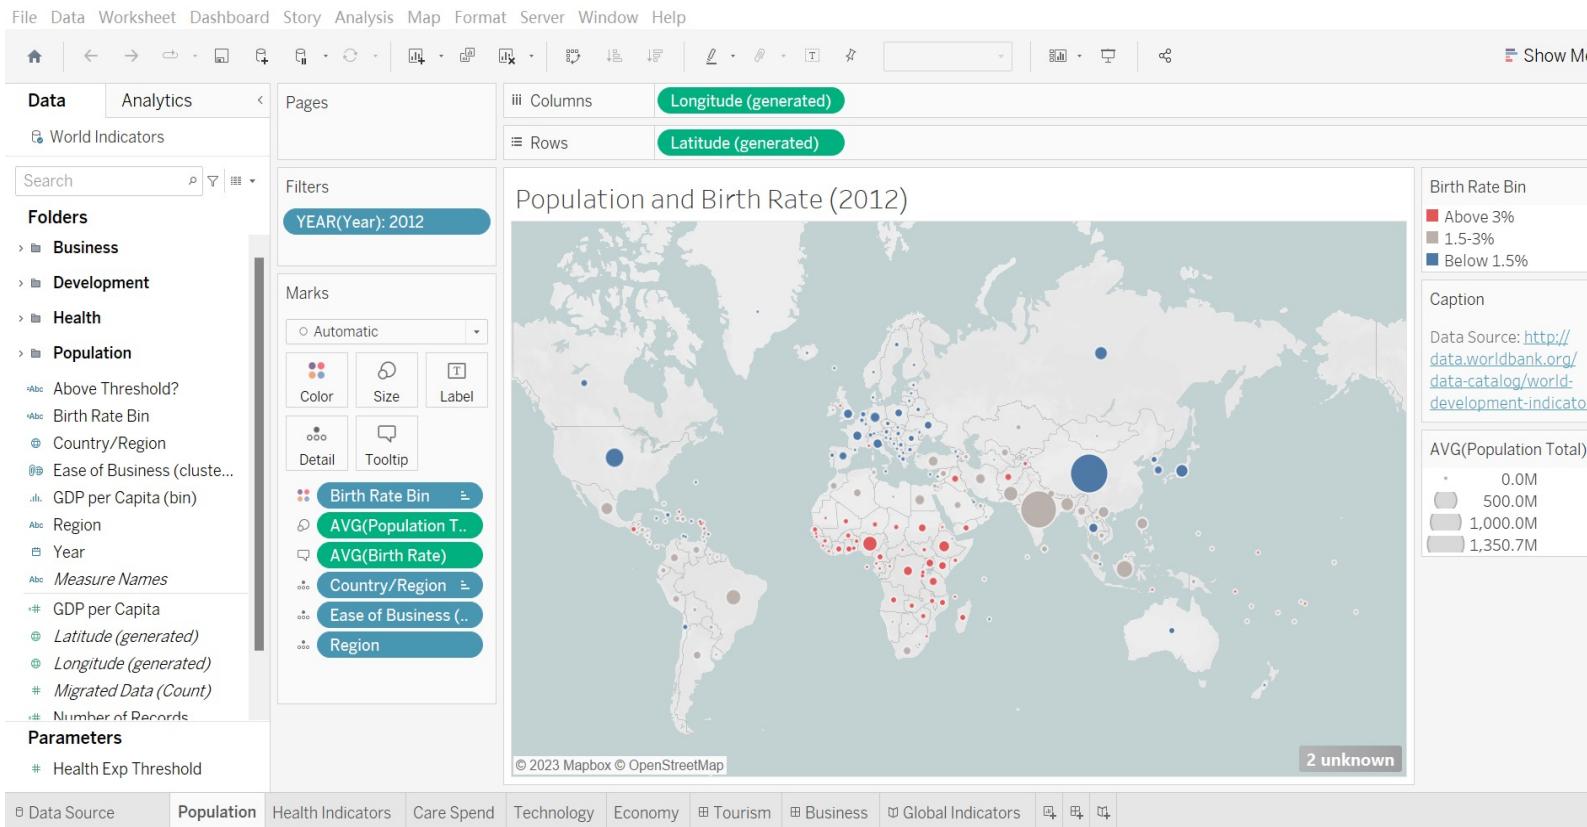

Tableau Desktop

- Standalone desktop application
- Connect to a variety of data sources
- User-friendly interface

Tableau Products

The screenshot shows the Tableau Server interface with a search bar at the top containing 'superstore sales'. Below the search bar, it displays '2,215 results for superstore sales'. The results are organized into three columns of cards, each showing a thumbnail of a dashboard or worksheet, its title, owner, and a brief description. The cards include titles like 'Superstore Sales and Profit', 'Superstore Analysis', and 'Superstore'.

Thumbnail	Title	Owner	Description

- Collaborate & interact

Tableau Products

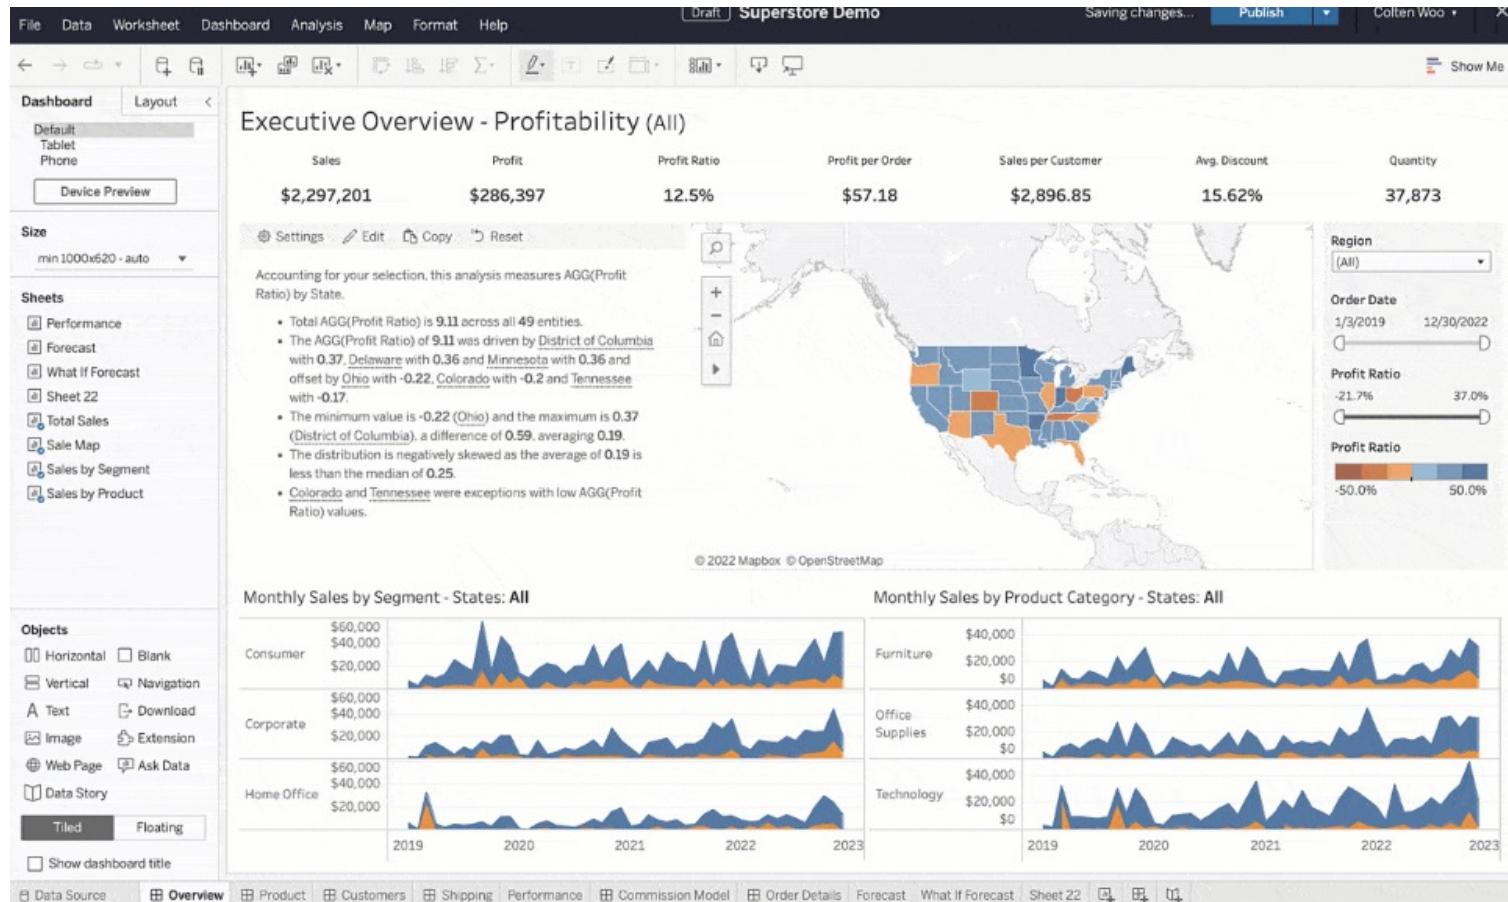

Tableau Cloud

- Fully hosted version of Tableau Server
- Convenience for management
- Convenience for individual user

Tableau Products

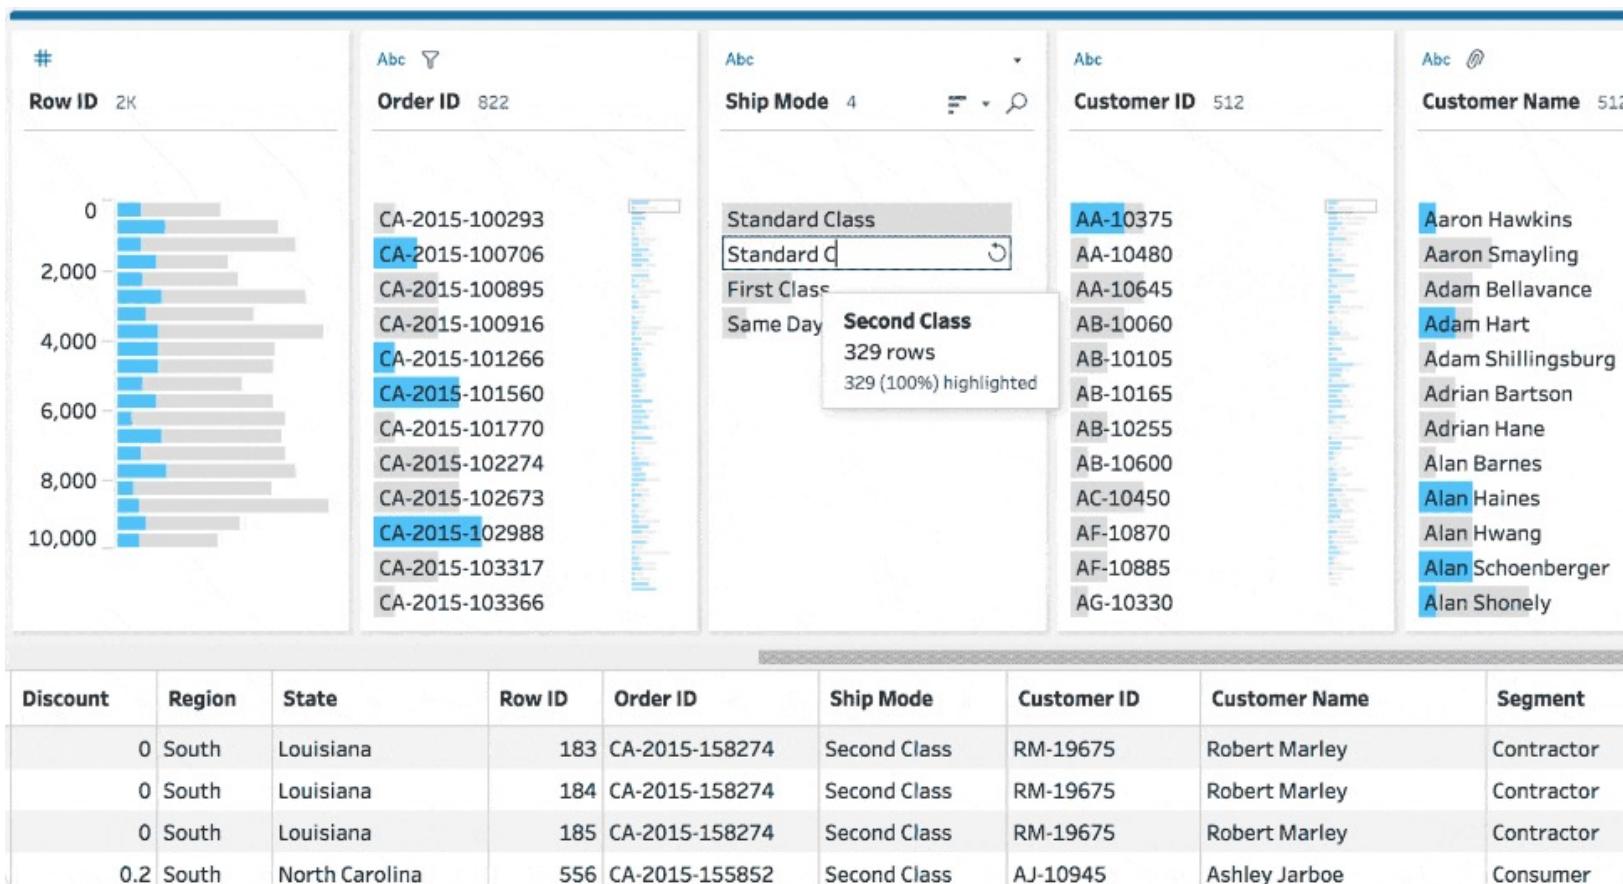

Tableau Prep

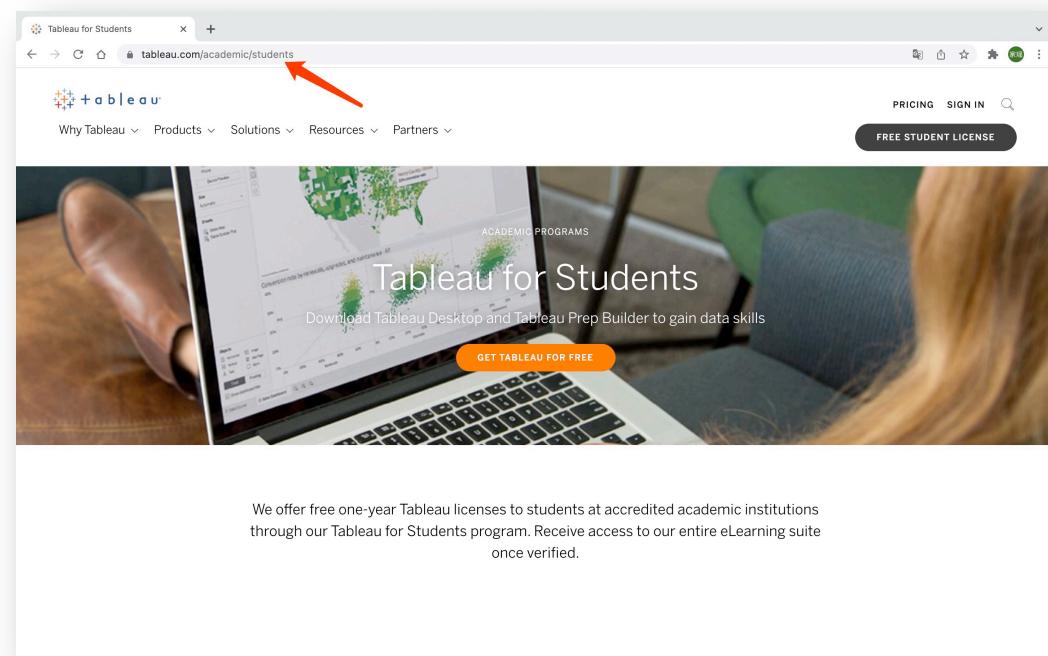

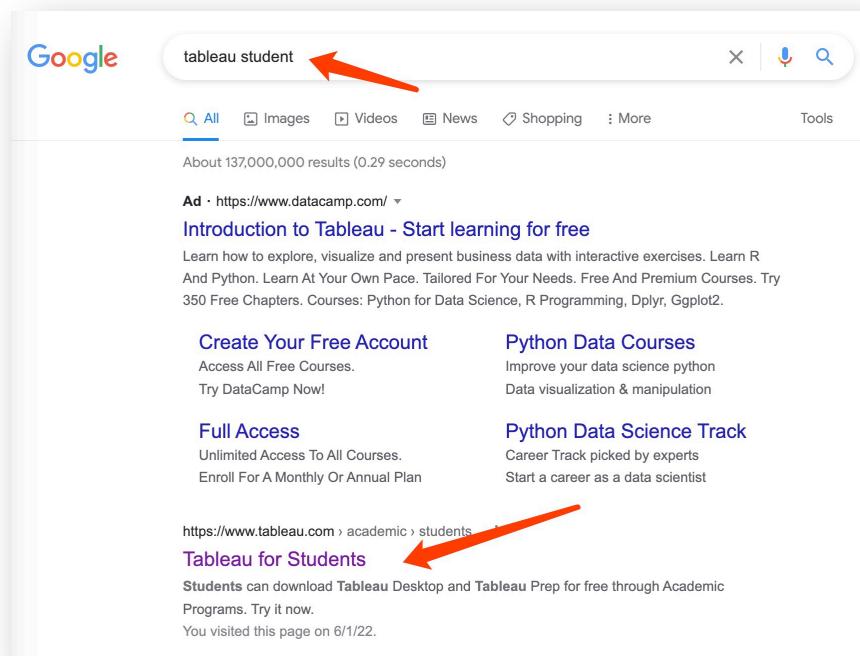

- Data preparation tool
- Data Cleaning
- Connect to a variety of data sources

GETTING TABLEAU DESKTOP

Step 1

Type “tableau student” into Google search for the official website.

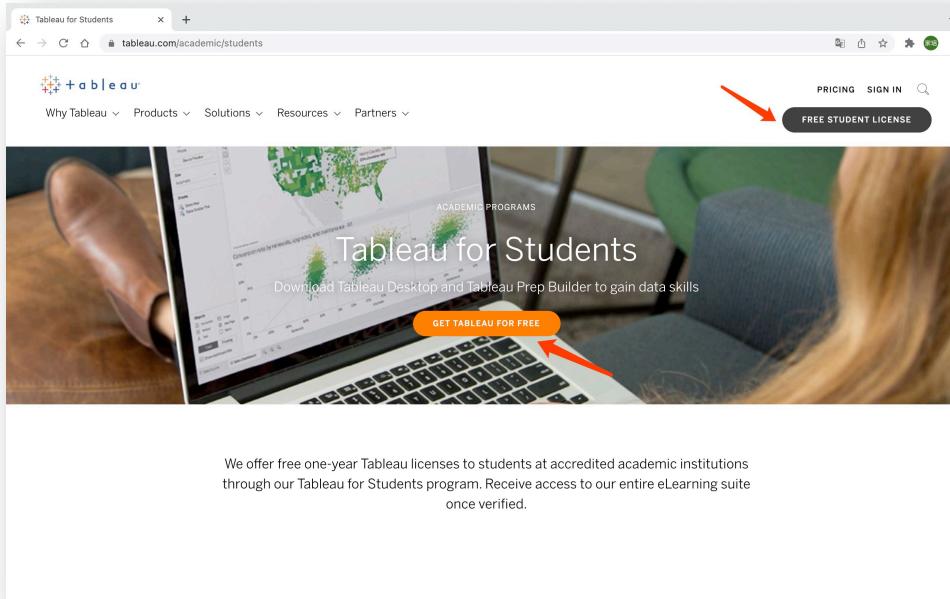

Or Goto <https://www.tableau.com/academic/students>

Step 2

Click on the **FREE STUDENT LICENSE** or **GET TABLEAU FOR FREE** button to open the registration pane.

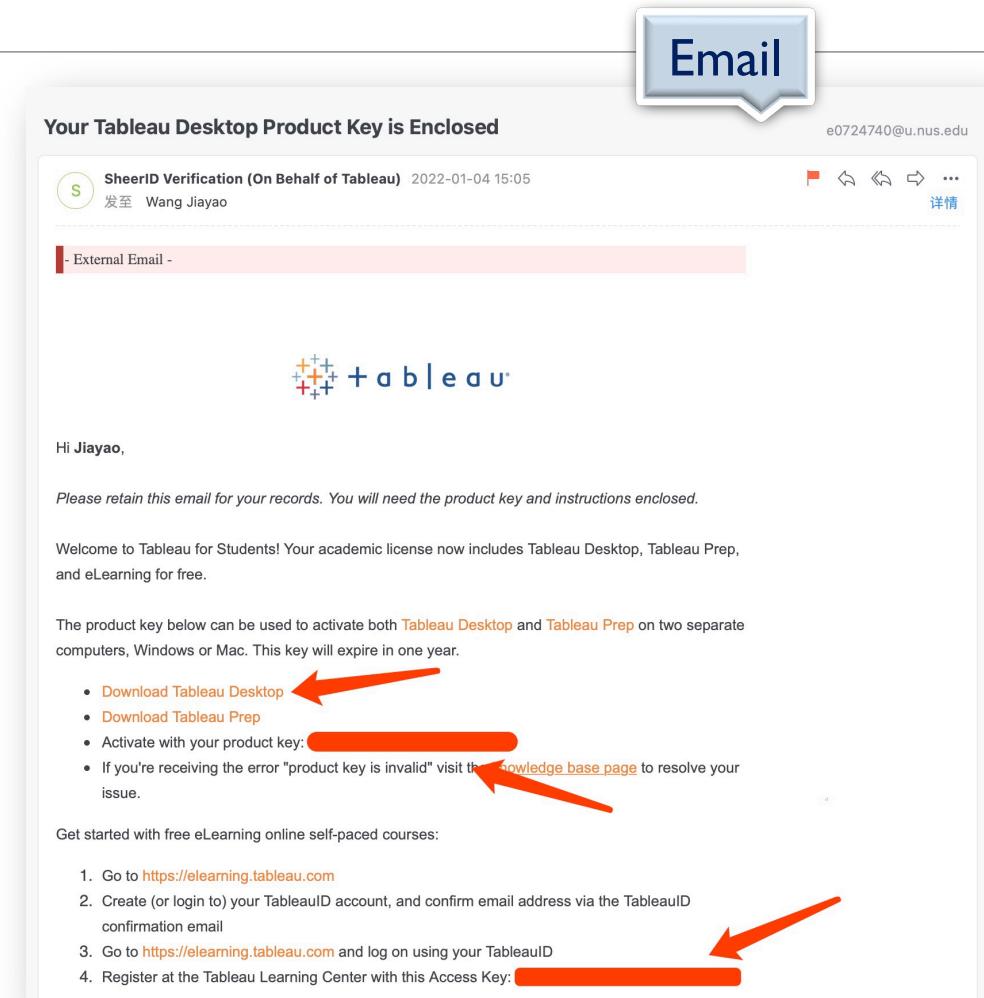

Fill in your personal information using your university email and enter your university name to verify your student status.

A screenshot of the Tableau for Students registration form. The top right features 'PRICING' and 'SIGN IN' buttons, and a 'FREE STUDENT LICENSE' button. The main area has a heading 'You're almost there!' and a sub-heading 'Are you an instructor? Visit [tableau.com/teaching](#) to request your license.' It includes a section for 'Country/Region' with a dropdown menu set to 'Select One'. Below this is a 'Personal information' section with fields for 'Legal First Name*', 'Legal Last Name*', 'Email*', and 'Confirm Email*'. There's also a note at the bottom: 'We offer free one-year Tableau licenses to students at accredited academic institutions through our Tableau for Students program. Receive access to our entire eLearning suite once verified.'

Step 3

When **Verify My Student Status** button is clicked, a new page opens to prompt you to login through your university portal.

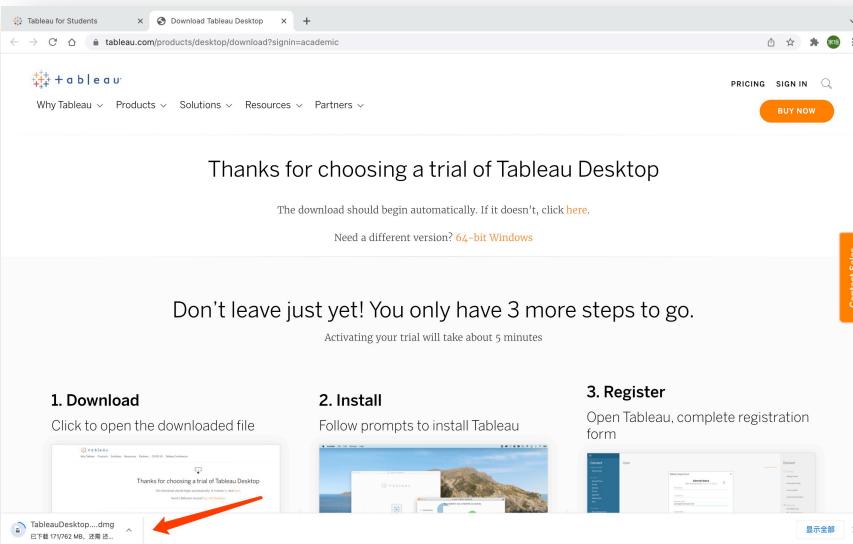

When verification is successful, you should receive an email with the download link (**Download Tableau Desktop**) and a product key.

Step 4

Download and
Install Tableau.

Register/Activate
Tableau with the
product key.

Congratulations!
You are ready to go with Tableau.

A screenshot of the Tableau Registration page titled "Tableau Registration". It says "Almost there" and "Have a product key? [Activate Tableau](#)". There are fields for First name, Last name, Business email (with "ijones@mycompany.com" entered), Organization, Country/Region (United States), State, ZIP code (e.g. 98103), and Phone (e.g. (201) 555-5555). A red arrow points to the "Almost there" text. At the bottom are "Start trial now" and "We respect your privacy | Having trouble?" buttons.
